

ENVIRONMENTAL SUSTAINABILITY POLICY

STATEMENT

Our goal is environmental sustainability across all operations, from engineering and project delivery to consulting and executive management. We recognize that environmental sustainability is relevant to everyone.

COMMITMENT

Our commitment is to:

- Minimise the short and long-term impact of our activities on the environment and local communities through responsible environmentally sustainable management within design, planning, delivery, construction and operation
- Promote a positive culture through implementing initiatives that foster sustainable innovation
- Optimise our products and services to relentlessly improve our environmental sustainability performance and improve the sustainable use of natural resources
- Comply with relevant environmental legislation, appropriate industry guidelines and standards, customers and regulatory agency requirements
- implement responsible resilient work practices that minimise the impact on local communities
- Establish, monitor and review environmental sustainability objectives and targets and identify opportunities to improve our environmental sustainability
Evaluate the performance, effectiveness and compliance of our environmental management systems through regular audits and reviews
- Implement effective controls to identify, evaluate, eliminate or reduce adverse environmental risks from our work activities
- Take all practical steps to prevent pollution and protect biodiversity and ecosystems
- Drive innovation to identify sustainable supply chains; reduce and manage energy, waste, and water consumption; reduce and manage air emissions effluents; and climate change mitigation and adaptation
- Procure goods and services to minimise environmental risk and maximise sustainable opportunities and benefits for the total life cycle
- Regularly report our environmental sustainability performance
- Provide education, training and encouragement to our workforce, and business partners to understand their responsibilities for the implementation of environmental sustainability principles and practices
